

ENVIRONMENTAL POLICY STATEMENT

Longley Concrete Ltd. will at all times achieve the highest level of environmental control.

It will also ensure that it adheres to its own Environmental Management Systems, Process Controls and Procedures and strive to improve them continuously.

The Company is committed to applying Good Management Practice throughout its organisation and to fulfilling a high standard of performance and the expectations of its customers.

All staff must familiarize themselves and regularly update themselves on the Company's standards of environmental management and are required to take a positive attitude to minimising the company impact on the environment.

The Company is totally committed to comply with all associated legislation and codes of practice and will at all times ensure that its own systems comply with all these requirements.

The operation of this policy will be monitored by Ian Lyman working in conjunction with the Michael Longley, Managing Director.

The company is committed to continually improving the effectiveness of the environmental management systems, and to prevent pollution within the working environment of the company, and in the wider external environment.

The company's environmental management system is certified to BS EN ISO 14001: 2015 by a UKAS accredited certification company, IEC Ltd
